To whom it may Concern:

I am writing this letter as a testimonial to Keane Constructors, Inc. I have had the pleasure of working closely with John Keane over the past several months. My business recently moved into a building that Keane Construction works for on all of the tenant build outs. Our particular work was extremely complex since we have several departments each having their own office requirements. From the very first day my team and I met with John and his team we were impressed at their willingness to do whatever they could to accommodate our needs. Throughout the construction of our offices I personally met with John and found him to be very helpful and a total delight to work with. John and his team made what could have been a very stressful move very easy. John's expertise in suite construction and his willingness to go the extra yard for us made all the difference in the world to me and my team that worked closely with all of the folks at Keane Constructors, Inc. I would recommend Keane Constructors to anyone in need of a **VERY** competent and friendly contractor. When I first saw Keane Constructors letterhead I was struck by the wording they included on it. The wording is...

**LASTING RELATIONSHIPS BUILT ON HONEST FOUNDATIONS...**

**These words certainly are true of John's company**

Please feel free to contact me for a verbal reference and I will be more than happy to sing John Keane's praises!

Sincerely,

*Peter*
